THE CONSTITUTIONAL STATEMENT

Part A, The Preamble, does not constitute part of this Amendment.

Part B, The Amendment, consisting of 293 items, constitutes Amendment No. 6 to the Official Plan for the Municipality of Brooke Alvinston Planning Area, County of Lambton. The title of Amendment No. 6 is “An Amendment to Complete the Five-Year Review of the Official Plan”.

Part C, The Appendices, does not constitute part of this Amendment.

PART A THE PREAMBLE

Purpose

The purpose of this Official Plan Amendment is to complete the Five-Year Review of the Official Plan for the Municipality of Brooke Alvinston. In undertaking the Five-Year Review, additional requirements for updates including conformity to the Provincial Policy Statement and the County of Lambton Official Plan were completed. As well, legislative changes in Ontario provided new opportunities and issues for the Municipality, all of which have been incorporated into this Amendment.

Location

The area to which this Amendment applies is all lands within the Municipality of Brooke Alvinston.

Basis

This Official Plan Update was developed based on the following:

1. Information and feedback provided at the Special Council Meeting held in December 2022;
2. Written submissions received regarding the Official Plan issues and opportunities;
3. The research and review information in the Background Report prepared by NPG Planning Solutions Inc.;
4. The community survey held in the fall of 2022 to identify community issues, concerns, and opportunities;
5. Identification of emerging issues whether through Provincial legislation or planning practice in Ontario (cannabis/green energy are examples);
6. Reviews of required policies and plans – the Provincial Policy Statement (2020); the County of Lambton Official Plan, and the Source Protection Plans covering the County of Lambton.

This Official Plan Update confirmed that the Municipality's Official Plan provides a strong foundation for future planned growth and community development in Brooke Alvinston. This foundation will be enhanced and built upon through the following key components of this Amendment:

1. The Amendment creates a 25-year community plan for growth and community development founded on the community structure in the Municipality;

2. The Amendment recognizes the importance of agriculture and farm operations in the Municipality and provides updated policies on agriculture-related uses and on-farm diversified uses consistent with the Provincial Policy Statement (2020) and in conformity with the County of Lambton Official Plan;
3. The Amendment confirms the importance of the existing commercial areas in the Municipality and strengthens urban design guidelines and encouragement of mixed-use development for Brooke Alvinston's central commercial areas;
4. The Amendment creates opportunities for new housing through updated policies for housing and the provision of policies supporting intensification and additional dwelling units;
5. The Amendment includes significant updates to the Natural Heritage System Policies consistent with the Provincial Policy Statement (2020) and in conformity with the County of Lambton Official Plan;
6. The Amendment addresses community feedback related to green energy, cannabis growing, and short-term vacation rentals; and,
7. The Amendment achieves the following to assist in administering the Plan:
 - a) Flexibility in Application, Interpretation, and Updating of the Plan; and,
 - b) Enhanced readability and understanding of the Plan.

PART B THE AMENDMENT

Introductory Statement

All of this part constitutes Amendment No. 6 to the Official Plan for Municipality of Brooke Alvinston Planning Area, County of Lambton.

Details of the Amendment

The Amendment consists of 293 items.

The Official Plan is amended as follows:

1. Items 1 through 284 (changes to text and tables) of the Plan are amended as per the following tables of this Amendment:
 - a. Table A – General Wording Amendments
 - b. Table B – Amendments to Part A of the Official Plan
 - c. Table C – Amendments to Part B of the Official Plan
 - d. Table D – Amendments to Part C of the Official Plan
 - e. Table E – Amendments to Part D of the Official Plan
 - f. Table F – Amendments to Part E of the Official Plan
2. Items 285 through 293 changes to and addition of schedules, maps and appendices – are found in Table G. Specified schedules, maps, and appendices of the Plan are amended as per Table G of this Amendment and as shown on Attachments 1 through 13.

TABLE A – GENERAL WORDING AMENDMENTS

Item No.	Policy Number	Details of the Amendment
1.	N/A	“Provincial Policy Statements” is changed to “Provincial Policy Statement 2020 (PPS 2020)” in all instances in the Official Plan.
2.	N/A	“Ontario Municipal Board” is changed to “Ontario Land Tribunal” in all instances in the Official Plan.

TABLE B – AMENDMENTS TO PART A OF THE OFFICIAL PLAN

Item No.	Policy Number	Details of the Amendment
5.	1.0	<p>Add the following as the fourth bullet under “Purpose of the Plan”:</p> <p>“to build strong, liveable and healthy communities that are resilient to climate change.”</p>
6.	1.1	<p>The following section is added:</p> <p><u>ORGANIZATION OF THE PLAN</u></p> <p>This Plan is organized into five parts, as follows:</p> <p>Part A: The introduction details the purpose, effect, and basis underlying the Plan.</p> <p>Part B: This part contains sections that describe the land use designations that apply across the Municipality. Together with the land use maps, these designations will help implement the strategy for managing change set out in Part A.</p> <p>Part C: This part includes policies for Municipal systems: transportation, public utilities, municipal services, and energy systems.</p> <p>Part D: This part includes policies for design, community development, built heritage, and other matters related to building complete communities.</p> <p>Part E: This part explains how the Municipality will implement the Official Plan using development approval processes and planning tools.</p> <p>Schedules, Maps and Appendices: Schedules, Maps and Appendices are found at the end of the Plan. The Schedules, which form part of this Plan, provide an illustration of the overall growth strategy and natural heritage system for the Municipality. The maps and appendices provide additional mapping of features the geography of which is relevant to the Plan but maintained by others external to the Municipality.</p>

Item No.	Policy Number	Details of the Amendment
7.	1.2	<p>The following policy is added:</p> <p>The Municipality of Brooke Alvinston is planning for growth on the following basis as identified in the County of Lambton Official Plan:</p> <p>a) To 2031:</p> <p>Projected Population: 2,028 to 2,581 Projected Annual Dwelling Units: 5</p> <p>The projected population and projected annual dwelling units are targets and are not considered maximum figures or caps.</p> <p>b) From 2031 to 2046, growth shall be addressed as follows:</p> <ul style="list-style-type: none"> i. A land supply for growth in excess of 25 years was determined to be available for the Municipality as part of the preparation of the County of Lambton Official Plan approved in 2018; ii. The County of Lambton will prepare an updated projection of population growth and housing growth prior to 2031 as part of a planned update to the County Official Plan; and, iii. The Municipality of Brooke Alvinston Official Plan will be updated to include projected population and dwelling units upon the conclusion of the update by the County of Lambton.”
8.	1.3	<p>The following policy is added:</p> <p>A Role for Process: Development Applications</p> <p>The role of the Official Plan is to provide general guidance for development that applies on a Municipality wide basis related to land use including designations and permissions. The policies of this Plan also provide guidance to inform development application processes and area-specific planning processes. The specific role for development applications like Official Plan Amendments, Zoning By-law Amendments and minor variance applications acknowledge</p>

Item No.	Policy Number	Details of the Amendment
		that Municipality wide policy cannot anticipate every circumstance related to a site or a development. The Official Plan has policies to ensure that development applications are considered against the policies of this Plan so that the outcome of a development application addresses the public interest.

		<p>encouraged to locate along Inwood Road provided that they are not located in general commercial or residential areas.</p> <p>b) Site Plan Control New development may require site plan approval pursuant to the Site Plan Control provisions of this Plan. The site plan agreement may, among other things, ensure that adequate buffering is provided where a commercial use may adversely affect an adjacent land use. New development should conform to the urban design policies in Part D, Section 3 of this Plan.</p> <p>c) Access Access points will be limited in number and designed to enable segregation, and the safe movement of pedestrians and vehicles. Shared access among commercial establishments will be provided wherever possible.</p> <p>d) Zoning General commercial and highway commercial uses will be placed in separate zoning categories in the implementing Zoning By-law.</p>
39.	1B.4	<p>The following policies are added:</p> <p>1B.4 Industrial Development</p> <p>Industrial uses</p> <p>1B.4.1. Industrial development will be limited to small scale and farm related industrial uses. A small-scale industry is generally defined as one where no industrial wastewater is generated by the manufacturing process and only domestic sewage is to be discharged to a subsurface sewage system approved by the Province or its designated agent. Examples of such uses are small scale manufacturing, warehousing and the repair and servicing of vehicles and other goods. Farm related industrial uses may include grain and seed storage facilities, feed mills and bulk fuel depots. Industrial uses that adversely affect the amenity of the area due to the emission of noise, vibration, fumes, dust, odour, smoke or other adverse impacts will not be permitted.</p> <p>Development policies</p> <p>1B.4.2</p>

Item No.	Policy Number	Details of the Amendment
		<p>a) Access Access to a small scale or farm related industrial use will be from a road capable of handling heavy vehicular traffic. Shared access among industrial establishments will be provided wherever possible.</p> <p>b) Open Storage The outside storage of products, equipment or other material should not be permitted unless the storage area is suitably screened. The standards will be incorporated in the implementing Zoning By-law.</p> <p>c) Site Plan Control New development may require Site Plan approval pursuant to the Site Plan Control provisions of this Plan. The site plan agreement may, among other things, ensure that adequate buffering is provided where industrial uses may adversely affect an adjacent land use. New development should conform to the urban design policies in Part D, Section 3 of this Plan.</p> <p>d) Zoning Industrial uses will be zoned in one or more separate zoning categories in the implementing Zoning By-law. The Zoning By-law will also contain regulations governing parking and loading requirements.</p>
40.	1B.5	<p>The following policies are added:</p> <p>1B.5 Institutional Institutional uses 1B.5.1 Institutional uses will include any recognized public, non-profit or charitable organization, churches, nursing homes, libraries, municipal buildings and offices and cemeteries. Certain uses operated for profit such as nursing homes or day nurseries may also be considered as institutional uses provided Council is satisfied that the use is compatible with surrounding uses.</p> <p>Development policies 1B5.2 a) Access The institutional use should have access to a public road capable of accommodating any increase in traffic flow that may result. Access points will be limited in number and designed to enable segregation, and the safe movement of pedestrians and vehicles.</p>

Item No.	Policy Number	Details of the Amendment
		<p>b) Site Plan Control New development may require Site Plan approval pursuant to the Site Plan Control provisions of this Plan. The site plan agreement may, among other things, ensure that adequate buffering is provided where an institutional use adjoins a residential use. New development should conform to the urban design policies in Part D, Section 3 of this Plan.</p> <p>c) Zoning The implementing Zoning By-law may zone institutional uses in a separate zoning category or they may be permitted in residential zones. The Zoning By-law will also contain regulations for parking and access.</p>
41.	1B.6	<p>The following policies are added: 1B.6 Open Space Open space uses 1B.6.1 Open Space uses may include parks and playgrounds, golf courses, storm water management facilities, community centres and similar community or neighbourhood facilities. 132.	8.2.2.1	<p>The following is added:</p>

Item No.	Policy Number	Details of the Amendment
		The Municipality will designate provincially and locally significant wetlands in this Plan as identified and delineated by the Ontario Wetland Evaluation System (OWES).
133.	8.2.2.2	The following is added: The Municipality will identify significant woodlands in this Plan and its Zoning By-law using the criteria and mapping contained in the draft Lambton County Natural Heritage Study (2014).
134.	8.2.2.3	The following is added: Endangered species and threatened species and their habitat are protected by the <i>Endangered Species Act, 2007</i> . Delineations of these areas represent sensitive information and the Species at Risk in Ontario List is subject to change. These areas therefore are not shown on Schedule B of this Plan and will include areas not specifically designated as natural heritage features in this Plan and/or areas not known by the County or Municipality to be habitat of endangered species or threatened species. Where there is reason to believe that proposed development will be located in or adjacent to the habitat of endangered species or threatened species, the proponent will be notified of the requirement to ensure their due diligence under the <i>Endangered Species Act, 2007</i> , which should include consulting with the Province regarding the need for further investigations.
135.	8.2.2.4	The following is added: Fish habitat is not specifically designated on Schedule B in this Plan. Development within 120 metres of surface water features (excluding off-stream, man-made ponds) will be directed to the province for screening for fish habitat. Fish habitat will be protected from harmful alteration, disruption or destruction unless authorized under the <i>Fisheries Act</i> . In all cases, the guiding principle of no net loss of productive capacity will be utilized.
136.	8.2.2.5	The following is added: Significant valley lands are not specifically designated on Schedule B in this Plan. For purposes of identification, they are lands having a slope of 10 percent or more over a sustained area.
137.	8.2.2.6	The following is added: Significant wildlife habitat is not specifically designated on Schedule B in this Plan but may be coincident with other

Specific wildlife habitats of concern may include areas where species concentrate at vulnerable times in their annual or life cycle or areas which are important to a species' migration or wintering. The Province of Ontario's Significant Wildlife Habitat Technical Guide shall be used to identify and determine significant wildlife habitat on a site-specific basis when development or site alteration requires an environmental impact study.
138.	8.2.3	<p>In the first sentence, after the wording "areas designated as", the wording "Environmental Protection" is replaced with "part of the Natural Heritage System".</p> <p>In the second sentence, "after wildlife habitat" the rest of the sentence is replaced with: "except where the policies of this Plan are more definitive as to what is required, the Municipality will encourage development proponents to conserve and enhance these features as part of the development approval process."</p>
139.	8.2.6	<p>The following wording is added to the existing policy:</p> <p>The Municipality will require the use of indigenous trees and, to a lesser extent shrubs, wherever practical in connection with landscaping plans, site plan approvals, subdivision agreements, wind breaks and reforestations done in connection with permits to remove trees issued by the County of Lambton. The Municipality will also use indigenous species for municipal lands and parks and as part of any municipal plantings within public road allowances.</p>
140.	8.2.7	<p>In the first sentence of the first paragraph, the words "County of Lambton Woodlands Preservation By-law" are replaced with "County of Lambton Woodlands Conservation By-law".</p> <p>In the third sentence of the second paragraph the wording "Environmental Protection or Hazard designations" are deleted and replaced with "Natural Heritage System and Natural Hazard lands".</p> <p>In the last sentence of the second paragraph the words "County of Lambton Tree Cutting By-law" are replaced with "County of Lambton Woodlands Conservation By-law".</p>
141.	8.2.8	<p>The names of the various Acts cited have been italicized. "<i>the Woodlands Improvement Act,</i>" is deleted.</p>

		incorporate the requirements of an Environmental Impact Study if the wooded area is part of a Significant Woodland, as defined in the County of Lambton Official Plan.
143.	8.2.10	The existing policy is deleted and replaced with: Improving linkages within the Natural Heritage System through a comprehensive system of primary corridors and linkage features will be encouraged. Stewardship initiatives and compatible land uses will be encouraged in an effort to restore areas of vegetation gaps and woodland openings within these natural corridors. Any reforestation required under the County of Lambton Woodlands Conservation By-law or a Tree Inventory and Preservation Plan should maintain and enhance existing corridors where practical.
144.	8.3	The second sentence is deleted and replaced with: The following policies apply to development and site alteration within those areas of the Municipality that are susceptible to flooding and erosion, and more generally to any location where such conditions as described in this section exist. The following sentence is added: Such natural hazards are generally located in Conservation Authority regulated areas identified as Areas Affected by Regulation in Appendix 1.
145.	8.3.1	The following new subsection is inserted and numbered 8.3.1 and the subsequent subsections being "Flood Plain Policies", and "Unstable Land" are renumbered accordingly. General Policies 8.3.1.1: New development in the Municipality will generally be directed away from areas with known or suspected natural hazards, which include: a) flooding and erosion hazards related to rivers and streams; b) hazardous sites related to organic soils; c) high water table areas and groundwater recharge areas; and d) hazardous forest types for wildland fires. 8.3.1.2: The Municipality may permit development and site alteration to occur on natural hazard lands and associated sites, except within a floodway (unless in a special policy area), if all the following can be achieved: a) all policies are met with respect to any coincidental natural heritage features;

Item No.	Policy Number	Details of the Amendment
		<p>b) hazards can be safely addressed and development and site alteration is carried out in accordance with floodproofing, protection, and access standards and procedures such as those related to coastal and geotechnical engineering practices;</p> <p>c) new hazards are not created and existing hazards are not aggravated;</p> <p>d) no adverse environmental impacts will result;</p> <p>e) vehicle and pedestrian access is available during times of flooding, erosion, and other emergencies (unless the site access is appropriate for the nature of development); and</p> <p>f) the proposed use is not an institutional use, essential emergency services, or operations related to the disposal, manufacture, treatment or storage of hazardous substances.</p> <p>8.3.1.3: The Municipality will prepare appropriate zoning provisions for natural hazard lands that:</p> <p>a) prohibit uses other than agriculture, conservation, forestry and wildlife management;</p> <p>b) prohibit buildings or structures except where they are intended for flood or erosion control or are normally associated with protection works, bank stabilization projects, transmission or distribution pipelines approved by the National Energy Board or Ontario Energy Board, or electricity transmission and distribution systems; and,</p> <p>c) impose development setbacks in relation to the severity of existing and potential environmental hazards.</p> <p>8.3.1.4: For any development or site alteration proposed within Conservation Authority regulated areas, the proponent must obtain written permission from the Conservation Authority before the Municipality will issue a building permit.</p> <p>8.3.1.5: Where an existing legal non-conforming or non-complying building or structure lying within all or part of hazard lands is destroyed in a manner not related to the inherent environmental hazards of the land, the Municipality shall permit the building or structure to be rebuilt only if the Conservation Authority having jurisdiction permits the reconstruction.</p>

Item No.	Policy Number	Details of the Amendment
146.	8.3.1.2	<p>In the first paragraph, the second sentence is replaced with: “Permitted uses, development and site alteration are subject to the policies of 8.3.1 in this Plan”.</p> <p>The sentence following the above sentence is deleted.</p> <p>In the last paragraph, “Fill, Construction and Alteration to Waterways” is replaced with “Development, Inference with Wetlands and Alterations to Shorelines and Watercourses.”</p>
147.	8.4	<p>A policy section is added and titled as follows: Environmental Impact Studies</p>
148.	8.4.1	<p>The following policy is added: An Environmental Impact Study (EIS) shall be required in accordance with the policies of this Plan for development and site alteration in the Natural Heritage System. The study shall demonstrate that no negative impact on the natural features or the ecological functions for which the feature is identified. The study may determine the nature and extent of the feature and its ecological function; may incorporate a buffer or setbacks from the feature; and may result in in a site layout that addresses the study recommendations.</p>
149.	8.4.2	<p>The following policy is added: An EIS required under this Plan shall be submitted with the development application and shall be prepared and signed by a qualified biologist or environmental planner. A peer review of the EIS may be required by the Approval Authority.</p>
150.	8.4.3	<p>The following policy is added:</p> <ul style="list-style-type: none"> a) An EIS shall be required for development on lands adjacent to significant natural heritage features (i.e. Group A and Group B features). The lands defined as Adjacent Lands are generally within 120 metres of the feature unless an alternative standard for Adjacent Lands is established through the County Official Plan. b) The extent of Adjacent Lands where an EIS is required may be reduced on a site-specific basis, based on the nature of the features, the existing conditions of the site and surrounding lands, the scale of the proposed development, and the likelihood of negative impacts the natural heritage features. <p>An EIS may be required for development within or adjacent to Group C features, as determined by the Municipality in consultation with the Conservation Authority.</p>
151.	8.4.3	<p>The following policy is added:</p>

Item No.	Policy Number	Details of the Amendment
		<p>a) An EIS shall be required for development on lands adjacent to significant natural heritage features (i.e. Group A and Group B features). 152.	8.4.4	<p>The following policy is added: An EIS shall be completed in accordance with the process requirements as outlined in the County Official Plan.</p>
153.	8.4.5	<p>The following policy is added: The required scope and/or content of an EIS may be modified, through pre-consultation with the Municipality, County, and the Conservation Authority where the environmental impacts of a development application are thought to be limited, or if other environmental studies fulfilling some or all requirements of an EIS have been accepted by the Municipality and County.</p>
154.	8.4.6	<p>The following policy is added: An EIS may not be required where the Municipality, in consultation with the County and the Conservation Authority, determines that no negative impacts would be anticipated on the natural heritage feature or adjacent lands. The requirements for an EIS may be reduced or removed in the following circumstances and only where no negative impact is anticipated:</p> <p>a) Where the proposed development is small scale (non-agricultural development); or</p> <p>b) Where the proposed development is small or medium scale (agricultural development only); or</p> <p>c) Where the proposed development is not in an area regulated by the Conservation Authority; or</p> <p>d) Where the proposed development is on an existing lot of record; or</p>

Item No.	Policy Number	Details of the Amendment
		<p>e) Where the development is an addition located away from the feature; or</p> <p>f) Where the proposed development is separated from the feature by a road or existing development; or</p> <p>Where the development is wholly contained within the existing footprint or includes a minor addition that is > 15m from the feature.</p>
155.	8.4.7	<p>The following policy is added:</p> <p>An EIS is not required for uses authorized under an Environmental Assessment process carried out in accordance with Provincial or Federal legislation or a watershed plan carried out by the County of Lambton and/or a Conservation Authority.</p>
156.	8.4.8	<p>The following policy is added:</p> <p>Where it is demonstrated that all, or a portion of, a Group B or Group C feature does not meet the criteria for designation under this Plan and thus the site of a proposed development or site alteration no longer is located within the Group B or Group C feature or adjacent land then the restrictions on development and site alteration set out do not apply. This policy requires an EIS or study through an Environmental Assessment process to determine whether the designation is still appropriate.</p>
157.	8.4.9	<p>The following policy is added:</p> <p>The Municipality, in coordination with The County and in consultation with the Conservation Authority, may develop guidelines for the evaluation of development proposals consistent with the policies of this Plan.</p>
158.	8.4.10	<p>The following policy is added:</p> <p>Tree and Woodland Protection</p> <p>a) The Municipality recognizes the importance of trees and woodlands to the health and quality of life in our community. The Municipality shall encourage sustainable forestry practices and the protection and restoration of trees and forests.</p> <p>b) Opportunities for tree planting on Municipality-owned lands (such as lands designated Open Space and inactive portions of parks) shall be identified and implemented in co-operation with government agencies and local interest groups. In restoration efforts, the Municipality shall plant only indigenous species, preferably those of local origin.</p>

Item No.	Policy Number	Details of the Amendment
		Where the Municipality is undertaking infrastructure work, existing woodland resources shall be protected and preserved, where feasible. If it is necessary for infrastructure works to destroy any trees, excluding trees that are listed as threatened or endangered species, the Municipality shall endeavour to compensate by re-planting on site and/or planting trees elsewhere. Should the removal/destruction of any trees that are listed as threatened or endangered species be required to complete infrastructure works, the Municipality will contact the appropriate Provincial authority to determine the necessary approvals and mitigation.
159.	8.4.11	The following policy is added: Any land dedication that may be accepted by the Municipality shall be managed consistent with the Natural Heritage Policies of this Plan.
160.	9.1	The existing text remains, and the following is added as the second paragraph: Resource extraction is discouraged in Provincially Significant Natural Heritage Features as identified in the County Official Plan. The Municipality discourages resource extraction in locally significant natural heritage areas and the removal of sizable, healthy woodlots for extraction purposes. Where extraction is permitted, it should be contingent upon rehabilitation plans that re-establish a comparable or improved natural heritage feature and/or system.
161.	9.4	Sub clauses a) to g) are deleted and the following Add: a) The effect on the water resources, the Natural Heritage System and the Natural Environmental designations within 120 metres of the subject lands through the preparation of an EIS, and a hydrogeology study; b) The effect on ground water and existing wells surrounding the property including on or adjacent to potential recharge areas; c) A rehabilitation plan; d) A site development plan, which includes the following information: i. The shape, topography, contours, dimensions, size and location of the property to be redesignated and/or rezoned as well as the extent of adjacent property held for future pit or quarry operations,

164.	9.7	<p>The following is added as the final paragraph after the numbered list:</p> <p>Where it is not feasible to return the lands to agriculture, priority should be given to assessing the feasibility of rehabilitation to a use which provides significant social and environmental benefits. The use should result in environmental improvement or net environmental gain. Features such as woodlots, wetlands, fish and wildlife habitat areas, integrated water systems or passive recreational opportunities may be appropriate.</p>
165.	9.10	<p>The following is added as Policy 9.10 and the existing Policy 9.10 (Zoning) is renumber to Policy 9.15.</p> <p>Setback distances for licensed operations are set out by regulation in the <i>Aggregate Resources Act</i>. Similarly, all proposed development adjacent to a licensed quarry must maintain a minimum setback of 500 metres from the quarry operation. All proposed development adjacent to a licensed pit must maintain a minimum setback of 300 metres from the pit operation. The above distances may be reduced if proponents of any proposed adjacent development can demonstrate through studies that any potential hazards or land use conflicts with adjacent Extractive Industrial operations can be eliminated through the incorporation of special planning design and construction techniques like landscaping, buffering, setbacks or other mitigation measures. Proposed development shall demonstrate that it will not result in the preclusion or hindrance of the expansion of the mineral aggregate operation or its continued use or will not be incompatible for reasons of nuisance, public health, public safety or environmental impact.</p>
166.	9.11	<p>The following policy is added:</p> <p>In providing comments to the Ministry of Natural Resources on an application for license under the <i>Aggregate Resources Act</i>, the Municipality shall consider the need for screening, setbacks, fencing, hours of operation, surface and groundwater monitoring, noise, air quality, traffic control, rehabilitation, vibration from blasting, the cumulative effects of the proposed license area together with existing licensed areas on agriculture, environment features, commercial and</p>

167.	9.12	<p>The following policy is added:</p> <p>In considering an application to amend the Official Plan and Zoning By-law, Council shall consult with Provincial Ministries and any other agency having jurisdiction to ensure that the activities of, and rehabilitation of, an extractive operation will be carried out in accordance with the appropriate legislation and to ensure that the effects on the social and natural environment are properly considered.</p>
168.	9.13	<p>The following policy is added:</p> <p>Planning decisions shall take into consideration the locations of oil and gas resources as identified in the County of Lambton Official Plan. The mapping of the resources in the County Official Plan is not definitive and may have historical inaccuracies. For sites with or near resource features, the Municipality and development proponents should reference the Ontario Oil, Gas, and Salt Resources Library for the most up to date information and specific feature details including estimated accuracy of well locations. In coordination with the County of Lambton, the Municipality shall consult with the Province:</p> <ul style="list-style-type: none"> a) Where new development is proposed adjacent to or in areas of known oil or gas pools; b) Regarding new non-petroleum developments located less than 75 metres from existing wells. This setback should ensure adequate spacing around the well head to provide access for maintenance and general safety; c) Where development is proposed above former and potential salt solution mining operations and resources; and <p>Where assistance is needed in the identification of well sites, in areas suspected of containing improperly plugged wells.</p>
169.	9.14	<p>The following policy is added:</p> <p>As a condition of development approval, the Municipality will require that improperly abandoned (plugged) wells that are known or discovered on the lands during the development process will be properly plugged, capped or otherwise made safe in accordance with Provincial requirements. Building locations should be examined for the presence of possible well sites using established standards, procedures, and mapping.</p>

Item No.	Policy Number	Details of the Amendment
		Areas where wells are located should be avoided when siting buildings unless it can be demonstrated that development can safely occur. If possible, building should not be located over known abandoned or plugged wells.
170.	10.1	<p>The following policy is added:</p> <p>Cannabis Production Facility: means any indoor building structure, or lands licensed by, Health Canada to undertake cultivation, processing, sale, analytical testing, and research of cannabis, pursuant to the Cannabis Regulations under the <i>Cannabis Act</i>, or successor legislation. A cannabis production facility excludes the outdoor cultivation and processing of cannabis.</p>

193.	3.3.1.2	<p>Add the following:</p> <ul style="list-style-type: none"> g) Minimizing the impact of large impervious surfaces through pervious surface treatments, landscaping, and other on-site design and management practices.
194.	3.3.1.5	<p>The following policy is added:</p> <p>Limiting costs</p> <p>The Municipality recognizes the potentially high cost of stormwater management in terms of engineering and construction fees and the barrier this can be to the establishment or expansion of small businesses and institutions. The Municipality may determine no need for stormwater management measures for minor extensions of buildings, parking areas, or other hard surfaces, or on small sites where the ability to provide retention does not exist. The Municipality may accept non-engineered control measures that will obviously address quality and/or quantity control adequately and produce no adverse effects on neighbouring properties or watercourses. Such determinations shall be at the discretion of the municipal engineer and, if the engineer deems necessary, in consultation with the Conservation Authority.</p>
195.	3.4.1	<p>Add the following after the first paragraph as policy 3.4.1:</p> <p>Where appropriate, consideration may be given by the Municipality, at the Municipality's sole discretion, to the use of the Class 4 area classification, as provided for in the applicable Provincial environmental noise guideline (currently</p>

Item No.	Policy Number	Details of the Amendment
		<p>MECP Environmental Noise Guideline NPC-300) for a residential site (or sites).</p> <p>The area (or sites) to be affected must be approved by Council or the relevant approval authority.</p> <p>The use of Class 4 will only be considered by Council where it can be demonstrated that:</p> <ul style="list-style-type: none"> a) the development proposal is for a new noise sensitive land use in proximity to an existing, lawfully established stationary noise source; b) the development proposal for a new noise sensitive use does not impair the long-term viability and operation of an employment use; c) it is in the strategic interest of the Municipality, furthers the objectives of the Official Plan and supports community building goals; and d) all possible measures of noise attenuation have been assessed for both the proposed development site and the stationary noise source, including, but not limited to, building design and siting options for the proposed new noise sensitive use; <p>Notwithstanding the above, the use of Class 4 will receive more favourable consideration if the stationary noise source is a temporary situation and it is expected that the stationary noise source will be removed through future redevelopment.</p> <p>If Council supports the use of Class 4 for an area or site proposed for a new sensitive land use, proponents for noise sensitive land uses proposed in a Class 4 area shall, at a minimum, ensure that the following are addressed:</p> <ul style="list-style-type: none"> a) Appropriate noise impact assessments are conducted to verify that the applicable sound level limits will be met; b) Noise control measures are completed or in place, including receptor and source-based measures, as may be required to ensure compliance with the applicable sound level limits at the new noise sensitive land use;

Item No.	Policy Number	Details of the Amendment
		<p>c) Enter into appropriate agreements with the Municipality (and any other relevant approval agencies), to confirm all relevant requirements have been met; and,</p> <p>d) Registration on title of any recommended noise mitigation measures, including appropriate noise warning clauses to notify prospective purchasers that applicable Class 4 (as per Guideline NPC-300) area sound level limits for the affected dwelling are protective of indoor areas and are based on the assumption of closed windows.</p>
196.	4	<p>Add:</p> <p>The Municipality is committed to the wise and efficient use of energy and the establishment of green energy sources that will protect the interests of future generations of citizens, such as alternative energy systems and renewable energy systems. The benefits that may be realized from using such systems should be balanced with a consideration for their compatibility with the natural environment and surrounding land uses.</p>
197.	4.1	<p>Add at beginning, renumber existing a), b), c) accordingly:</p> <p>a) Energy that is produced by a renewable energy system will generally be preferred over conventional forms of energy production, subject to potential negative impacts being mitigated.</p> <p>b) The Municipality will encourage proposals for alternative energy systems and renewable energy systems at appropriate scales in accordance with provincial and federal requirements, which are compatible with surrounding existing and proposed land uses and the environment</p> <p>c) Green energy systems and/or renewable energy systems will be subject to studies to demonstrate, to the satisfaction of the Municipality, how potential adverse effects, on existing or proposed development with regard to the natural heritage system, noise, dust, vibration, plume, air quality, cultural heritage resources, views and vistas, shadows, land use compatibility, public health and safety, risk, and soils stability and water quality and quantity will be mitigated.</p>
198.	4.2	Add new subsection titled “District Energy”

Item No.	Policy Number	Details of the Amendment
		<p>Add:</p> <p>a) The Municipality supports district energy systems as an efficient method of supplying heating, cooling and electricity to buildings.</p>
199.	4.3	<p>Add new subsection titled “Wind Energy”</p> <p>Add:</p> <p>a) Large scale wind turbines shall be directed to lands within Prime Agricultural and Rural Area designations in order to reduce the potential for land use conflicts in Settlement Areas.</p> <p>b) Small scale wind turbines may be permitted in all land use designations.</p> <p>c) Wind turbines of all sized will be encouraged subject to confirmation that the supporting structure is capable of bearing the weight.</p>
200.	4.4	<p>Add new subsection titled “Solar Energy”</p> <p>Add:</p> <p>a) Ground mounted solar renewable energy generating facilities in excess of 100kW name plate capacity will not be permitted in the municipality, which consists of Class 1 and 2 Agricultural Lands under the Canada Land Inventory.</p> <p>b) Small scale solar panels that provide electricity for use on the same property will be considered accessory uses.</p> <p>c) Roof mounted solar generating facilities of all sizes will be encouraged subject to confirmation that the supporting structure is capable of bearing the weight.</p>

202.	1.1	Delete “Heritage Advisory Board” and replace with “Municipal Heritage Committee” Delete “preservation” and replace with “conservation”
203.	1.1.1	Delete section title “Cultural Built Heritage”. Replace section title with “Conservation of Built Heritage Resources and Cultural Heritage Landscapes”. Add after the second sentence: “the Municipality will engage with Indigenous communities and consider their interests when identifying, protecting and managing cultural heritage and archaeological resources.”
204.	1.1.2	The following policy is added: Brooke-Alvinston will prepare and maintain comprehensive inventories of significant heritage resources, including significant built heritage and cultural heritage landscapes, as a basic tool for identifying and conserving these resources
205.	1.1.3	The following policy is added: Brooke-Alvinston will designate properties that meet criteria for determining Cultural Heritage Value or Interest (O. Reg 9/06) under the <i>Ontario Heritage Act</i> . While it is the intent of the municipality to work collaboratively with landowners in conserving properties of Cultural Heritage Value or Interest, there may be instances in which landowners may not consent to the designation of their respective property. Council will act in the public interest to conserve and designate properties of Cultural Heritage Value or Interest despite objections by their owners.
206.	1.1.4	The following policy is added: If Brooke-Alvinston intends to designate a property to be of cultural heritage value or interest, the Clerk shall issue notice of intention to designate in accordance with requirements and limitations established under the <i>Ontario Heritage Act</i> .
207.	1.1.5	The following policy is added:

Item No.	Policy Number	Details of the Amendment
		<p>Any Planning Application related to lands designated or within 50 metres of lands designated under the <i>Ontario Heritage Act</i> shall be accompanied by a Heritage Impact Assessment. The Heritage Impact Assessment shall be prepared by a qualified heritage professional in accordance with technical guidance included in the Ontario Heritage Toolkit.</p>
208.	1.1.6	<p>The following policy is added:</p> <p>If a property has not been designated under the <i>Ontario Heritage Act</i> but has been included in the Municipal Register, the owner of the property shall not demolish or remove a building or structure on the property or permit the demolition or removal of the building or structure unless the owner gives Council at least 60 days' notice in writing of the Owner's intention to demolish or remove the building or structure or to permit the demolition or removal of the building or structure. Notice to demolish a building or structure on the Municipal Register shall be accompanied by such plans and information that the Council may require to make a decision on the matter, and may include but not be limited to:</p> <ul style="list-style-type: none"> a) primary and secondary research, visual inspection, and evaluation against prescribed criteria for determining Cultural Heritage Value or Interest prepared by a qualified heritage consultant (Ontario Regulation 9/06), and b) architectural plans pertaining to the replacement building or structure. <p>If following a request for demolition, a property has been found to meet prescribed criteria for determining Cultural Heritage Value or Interest (Ontario Regulation 9/06), the Council of Brooke-Alvinston may issue notice of intention to designate the property, thereby, causing the request for demolition to be void.</p>
209.	1.1.7	<p>The following policy is added:</p> <p>An evaluation against prescribed criteria for determining Cultural Heritage Value or Interest prepared by a qualified heritage consultant (Ontario Regulation 9/06), shall accompany a Planning Application that pertains to a property listed on the Municipal Register. 213.	1.1.11	<p>The following policy is added:</p> <p>Brooke-Alvinston may develop financial incentive programs and other efforts that promote private investment in preserving physical cultural heritage (archaeological, built heritage, and cultural heritage landscapes) resources and in improving cultural nodes.</p>
214.	1.1.3	Renumber existing policy 1.1.3 to policy 1.1.12.
215.	1.1.13	<p>The following policy is added:</p> <p>Consistent with the PPS, development, site alteration, including construction of infrastructure and public service facilities on lands containing archaeological resources or areas of archaeological potential, including marine archaeological sites, are permitted only if the significant archaeological resources have been conserved in a manner that ensures their cultural heritage value or interest is retained. This shall be achieved by the implementation of recommendations set out in an archaeological assessment. To address development impacts on an archaeological site with a level of cultural heritage value or interest that has been determined to require mitigation, there are two approaches for mitigation of development impacts:</p> <ul style="list-style-type: none"> a) avoidance and protection b) excavation <p>Avoidance and protection preserves archaeological sites intact. It is the preferred option for the mitigation of impacts to archaeological sites. Avoidance and protection are most viable when the cultural heritage value or interest of the archaeological site is determined early in the planning stages of the development, when plans are most flexible.</p>
216.	1.1.14	<p>The following policy is added:</p> <p>Archaeological consultants must be licensed by the Ministry of Tourism, Culture and Sport, under the <i>Ontario Heritage Act</i>, and follow Technical Guidelines issued by the Ministry for completing archaeological assessments. 227.	3.5	<p>The following policy is added section title “Building Design”</p> <p>The following policy is added:</p> <p>a) The design of new buildings should achieve a complementary design relationship to existing buildings, while accommodating a diversity of architectural styles, building materials and colours, energy conservation techniques and innovative built forms.</p> <p>b) The design of all buildings shall implement pedestrian safety and should provide direct street access.</p> <p>c) The Municipality will encourage the recessed placement of garages and discourage the protrusion of garages on residential buildings into the front yard, beyond the main front building wall. Other options for garage placement which deemphasize their appearance on the street are encouraged. In addition, the width of private driveways accessing private garages shall be controlled to ensure that there is an appropriate relationship between pavement and landscaping in the yards where the driveway is located. Such a relationship shall also take into account the desire to maximize the infiltration of rainwater. These policies shall be implemented through the Zoning By-law.</p> <p>d) Building entrances shall be located to be visible from the adjoining street(s) and, where possible, directly linked to the sidewalks through appropriately articulated walkways.</p> <p>e) Building functions that do not directly serve the public, such as loading areas, shall not face a public street and should be located away from noise sensitive land uses, such as residential areas, and buffered, as necessary.</p> <p>f) Buildings should employ devices such as awnings, canopies, building cantilevers/overhangs to generally improve the level of pedestrian comfort. 		<p>entrances should be provided at primary building entrances to multi-storey residential, public, recreational, industrial, office and commercial buildings, where necessary.</p> <p>g) When a development is located adjacent to existing, or planned residential areas, sufficient building setbacks should be provided to minimize potential height and massing impacts such as overlook and shadowing.</p> <p>h) Buildings should be massed to be architecturally articulated to provide visual variety and interest. Generally, building articulation features such as canopies, cornice lines and varying façade materials should be used to reinforce a pedestrian scale, and generous front porches are encouraged for residential built forms.</p> <p>i) Building massing should reinforce a continuous street wall frontage located close to the front property line to recognize pedestrian scale and provide an appropriate street wall height at the street line.</p> <p>j) Buildings on corner lots shall be located in close proximity to the street rights of way. Corner lots should emphasize their important community presence by employing appropriate strategies for major landscape treatments as well as building massing and articulation that emphasize the corner condition.</p> <p>k) Any permitted redevelopment shall ensure, where possible, that the original building fabric and architectural features are retained, repaired, or restored rather than replaced. New construction and/or infilling should be compatible with surrounding buildings and streetscapes by being generally of the same height, width and orientation as adjacent buildings; being of similar setback; and using similarly proportioned windows, doors, and roof shape;</p> <p>l) Exterior signs should be uniform in appearance, in terms of location, size, shape, materials and colours to encourage design quality.</p>
228.	3.6	<p>The following policy is added section title “Site Design”</p> <p>The following policy is added:</p> <p>a) Site design incorporates the built form of structures, landscaping, services and the layout of all amenities. Site</p>

Item No.	Policy Number	Details of the Amendment
		<p>design shall consider the relationships between the public realm, adjacent land uses, on-site operations and visual aesthetics, in order to promote an environment that is pleasant and attractive to the community.</p> <p>b) Site design shall consider how to maximize the compatibility between adjacent land uses through appropriate site layout, building locations and landscape treatments.</p> <p>c) The design of sites adjacent to parks, woodlots and watercourses shall be sensitive to these features. In these instances, appropriate setbacks shall be maintained between buildings and sensitive natural areas, while on-site landscaping shall be well integrated with natural areas.</p> <p>d) Continuous, highly visible, well-articulated and landscaped connections between building(s) and the street should be provided to establish appropriate pedestrian linkages between the sidewalk and building entrances.</p> <p>e) Along collector and arterial roads within the Settlement Areas, reverse frontage residential lots shall be minimized through techniques such as window streets and where reverse frontage lots are provided, shall incorporate a substantial landscape buffer to improve the visual amenity of such areas.</p> <p>f) On large sites, pedestrian linkages between uses and adjacent sites should be provided.</p>
229.	3.7	<p>The following policy is added section title "Landscaping"</p> <p>The following policy is added:</p> <p>a) Landscaping is a major contributor to a vibrant streetscape. A high quality of landscape design shall be required to enhance the visual aesthetics of development and to enhance the site and land use compatibility.</p> <p>b) Landscaping within private lands shall be complementary to streetscape design and materials within the public realm.</p> <p>c) Where appropriate, planted landscaping strips and fencing shall be used to buffer development from adjacent uses and mitigate on-site operational activities such as loading and waste storage facilities.</p>

Item No.	Policy Number	Details of the Amendment
		<p>d) Landscape materials shall be selected for their aesthetic, ecological, disease-tolerance and maintenance characteristics.</p> <p>e) Hard and soft landscaping shall be used for the spaces between the street line and buildings to enhance the streetscape, as well as provide a buffering function when on-site parking is placed close to the street or close to adjacent land uses and properties.</p> <p>f) Vehicular entrances often present opportunities for landscaping that highlight entry points into the site. Therefore, appropriate landscaping shall be provided on either side of driveway entrances, particularly at the main entrances. The use of berms along public street frontages shall generally be avoided due to their tendency to isolate buildings from the street.</p> <p>g) The presence of significant trees on a development site shall be determined through a tree survey and, where appropriate, preserved, maintained and integrated into the new landscape design of the site.</p>
230.	3.8	<p>The following policy is added section title “Parking”</p> <p>The following policy is added:</p> <p>a) The location of parking is a major determinant for the layout of a development that is pedestrian friendly and accessible. Where appropriate, the Municipality should require the provision of surface parking areas in locations not visible from the public street, such as in rear yards and/or well-landscaped side yards.</p> <p>b) Where surface parking areas are situated adjacent to a public street in the front yard, their layout should be subdivided into smaller areas to avoid large monotonous asphalt surfaces. In these cases, a certain percentage of the frontage should be reserved for landscaping between the buildings and the street line. The parking areas may be partially buffered and/or screened from the street using landscaping, tree planting, pedestrian facilities, lighting, fencing and/or other landscape elements in order to enhance the visual aesthetics of, and pedestrian activity within, such parking areas.</p>

Item No.	Policy Number	Details of the Amendment
		<p>c) Clearly defined pedestrian accesses between parking and adjacent buildings and entrances should be provided with well-delineated walkways.</p> <p>d) Surface parking lots shall be linked to the streets and other public areas with well-delineated walkways.</p>
231.	3.9	<p>The following policy is added section title “Access and Circulation”</p> <p>The following policy is added:</p> <p>a) To enhance the vibrancy of the streets, joint vehicular access points into sites shall be considered on adjacent sites.</p> <p>b) To ensure pedestrian safety and promote their priority over vehicular traffic, major pedestrian routes on the site should be identified and delineated from the driving surfaces. Pedestrian walkways should be made continuous across driving aisles as well as across driveway entrances at the street. The use of soft landscaping is also encouraged along major pedestrian routes.</p>
232.	3.10	<p>The following policy is added section title “Commercial and Industrial Areas”</p> <p>The following policy is added:</p> <p>a) It is the intent of this Plan to improve the vibrancy, aesthetics and connectivity of all commercial and employment areas in the Municipality. The approval of any development pursuant to the <i>Planning Act</i> shall address the following:</p> <ul style="list-style-type: none"> i. Improvements to the aesthetics and function of the public realm (roads, parks, and sidewalks) will occur as a condition of development, or will be made possible as a result of the development, as appropriate; ii. The siting, scale and massing of buildings contributes to a safe and attractive pedestrian environment and streetscape; iii. Parking facilities are designed to not dominate the streetscape; and,

233.	3.11	<p>The following policy is added section title “Design for New Neighbourhoods”</p> <p>The following policy is added:</p> <ul style="list-style-type: none"> a) The following design principles apply to the development of new neighbourhoods through Plans of Subdivision or Condominium within the Municipality’s Settlement Areas, in accordance with the policies of this Official Plan: <ul style="list-style-type: none"> i. Residential development shall include a combination of housing types, with a range of densities that implement the housing objectives and policies of this Plan; ii. High-density housing shall be located on Arterial and Collector Roads to facilitate the establishment of multi-modal facilities and a pedestrian-oriented environment; iii. New development areas shall be integrated with existing neighbourhoods; iv. New subdivision streets should generally align in a grid pattern to create appropriately sized development blocks and to promote active transportation permeability and connectivity; v. New blocks shall be designed with lengths that are generally less than 250 metres to support active transportation; vi. The development of reverse frontage residential lots shall be minimized and where reverse frontage lots are provided, shall incorporate a substantial landscape buffer to improve the visual amenity of such areas;
